Описание:ALCAZABA LAGOON... This delightful penthouse apartment is located in a fabulous development with large open gardens, 2 pools at the moment but there will be several more in the future, on site you also have the large lagoon with a man made beach, this includes a restaurant and water sport facilities with paddle boards and canoes, childrens play area with a zip line and hot tubs, great place for all the family and excellent facilities for your clients. The property has been furnished to a good standard throughout, lots of natural light in the property, superb large wrap around west facing terrace, you get sun from 11am until the sun goes down, from the terrace you do have views to the gardens and two of the pools and this is one of the only apartments that can see the lagoon. 7 minute drive to Estepona port, 5 minute drive to two supermarkets, 4 minutes to the golf course by car, fabulous location, you feel like you are in the countryside but you are just a short drive to everything.
