Overview: A great opportunity to acquire a very large, "link detached" villa, in a fantastic first line golf position on the prestigious La Cala Golf Resort. The property has been constructed to the point where the buyer can choose the lay out and finish of the house. The property is available for sale at the reduced price of 745000. The total constructed area of the house including the "semi basement" is around 500m2, and there is plenty of scope to make either a 4, 5 or even 6 bedroom distribution. This project offers the buyer the chance to have all the benefits of building a tailor made house, without having to spend the time and money to get the planning and build the structure of the house. A truly unique opportunity!
