Overview: Fabulous house with magnificent views of the sea and the mountains, strategically located in Torreblanca with east / west orientation, in one of the best areas of Torreblanca, and a few minutes drive from the highway that connects with Marbella and Malaga. This family home consists of 3 bedrooms (one en Suite), 2 full bathrooms and a toilet. The house space is divided between four floors; the first floor has a huge living room with dining area, the American-style open kitchen is fully equipped with an American fridge. The lounge communicates with a very spacious closed terrace, through which you get to enjoy excellent views and the afternoon sun. In the basement, you have a large living room, that can be used as a game room or as a "home cinema". In addition, it has direct access to a sensational garden and a large community pool (it only has 3 neighbors). On the second level of the property, we find the rest of the rooms (one with dressing room), all of them being very spacious. The property also has a private garage and a storage room and has air-conditioning on all levels. The house has area of 257 m² built on a plot of more than 600 m². It is undoubtedly a magnificent opportunity to live in a large villa closed to the center Fuengirola and the beach.
