Overview: VIEWS..... VIEWS..... VIEWS This DUPLEX PENTHOUSE apartment is simply stunning and is possibly one of the best in Altos de La Quinta, a highly desirable urbanisation. The views are 100% uninterrupted, offering a clear view across the valley, the golf course & out to the Mediterranean sea. Three large double bedrooms with more terrace space than you can imagine. There are quite a few apartments for sale in the La Quinta area, mainly new-builds. However this penthouse, at this incredible price, represents amazingly good value for money. In the current market, this is a great investment
