Overview: Traditional villa on the top of Monte Mayor with incredible panoramic sea views. This spectacular traditional style villa with good interior finishings is accessed via a 25 metre long driveway overlooking the garden in front of the house until you reach a square where you enter directly into the garage for up to 3 cars and the main entrance of the house which leads to the entrance hall with the stairs to the 2nd floor on the left next to the entrance to the kitchen, the living room in front and the master bedroom on the right. The dining room is open to the living room and connected to the kitchen. From the living room, dining room, kitchen and master bedroom, we can access the porch and garden. On the first floor, we can find the two remaining bedrooms with en-suite bathrooms, and their respective balconies. Outside, there are large covered areas as well as an excellently maintained garden with a lot of personality as it has an upper area to enjoy from the porch and the lower area where we find the infinity pool with sea views and access to the storage room or basement. Undoubtedly one of the villas with the best views in Monte Mayor. Translated with www.DeepL.com/Translator (free version)
