Overview: A perfect dream house for a family that wants living to be effortless. This 3-4 bedroom house with authentic spanish feel and scandinavian functionality, has been fully renovated with good taste and quality materials. Located in a well kept, quiet, gated community. The bar and entertainment center on the top floor as well as the finnish sauna outside are some of the most enticing features of the home. There are also two parking spots within the gated community as well as a large pool area. This home is for you if you appreciate a quality renovation and the proximity to Fuengirola but also if you still value tranquility. The city center is only a 5 minute car ride away with grocery stores and decor stores within a walking distance. Unfortunately, this home is not for people with disabilities due to multiple staircases but the beauty of the house is captivating and it is being sold fully furnished, so the move-in couldn't be easier!
