Overview: Welcome to a very charming townhouse in the heart of the old town of Estepona. The house has been renovated by current owners in a way that retains the genuine Spanish charm that permeates the entire old town with its cozy alleys and pleasant, calm pace. Around the corner you will find everything you could possibly need. From the city's best restaurants to cozy cafes and bars. The beach is a short, flat walk away. No car is needed here because everything is a few steps away. There are actually two terraced houses that have been merged into one. It is a continuous house with entrance from two streets. One house has two bedrooms, 2 bathrooms, kitchen and a cozy courtyard / terrace that separates the houses. The other part of the house has a master bedroom, a bathroom, two living rooms and a country style kitchen as well as access to the cozy courtyard / terrace which is perfect for enjoying a good dinner on a balmy summer evening. If you are looking for genuine Spanish charm, you can stop looking. We have keys for easy viewings!
