Описание:Corner townhouse in El Coto de Mijas urbanization. This house is located in a quiet and pleasant area but very well connected, with schools, supermarkets, pharmacy 2 minutes by car and 5 from the center of Fuengirola. The house has a private garden with a barbecue area and great privacy as well as a lot of light due to its orientation. Ideal to live on the beautiful terrace that can be enjoyed almost all year round. The interior of the house is distributed in an entrance hall from which we have a guest toilet with the washing machine, a living room with a fireplace connected to the kitchen that has been completely renovated and a dining area. From the dining room we access a storage area that in turn communicates with another bedroom that was included in the house that has its own bathroom and the possibility of integrating a kitchen to turn it into an independent apartment since it has its own access from the garden area. On the upper floor we have the master bedroom with access to the terrace and fantastic panoramic views from which we see a panorama of Fuengirola with the sea in the background about 3km away. On this floor we have a full bathroom and a bedroom that was renovated to expand it because originally there were two, so it would be very easy to partition it again and turn it into a 4-bedroom house instead of the current 3. The house has solar panels for hot water, has a numbered outdoor parking space and the urbanization has a swimming pool with a changing room and services area. Do not miss the opportunity and contact us to arrange a visit!
